

## MEDIA RELEASE

# Azure Health Technology Limited successfully completes Capital Raise

**Sydney, Australia 3 June 2020** – Azure Health Technology Limited (AZT) today announced that it has successfully completed a capital raise by way of the issue of convertible notes to sophisticated investors.

Convertible notes with a face value of \$1.00 per note were issued to sophisticated investors and raised \$1,686,000.

The proceeds of the Convertible Note capital raise will fund the acquisition of an Australian biopharmaceuticals company, Invictus BioPharma Ltd, working capital, debt repayments and the preparation for an IPO.
