

MEDIA RELEASE

Malaysian Patent granted

Sydney, Australia 24 February 2021 – Azure Health Technology Limited (AZT), the Company commercialising an innovative non-invasive and direct drug and vitamin delivery platform, is pleased to announce that the Intellectual Property Corporation of Malaysia (MyIPO) has approved a patent application titled: 'Transmucosal delivery of tocotrienol' for granting.

The patent application is directed to compositions formulated for transmucosal delivery of tocotrienols for promoting the treatment or prevention of post exercise muscle soreness, delayed onset muscle soreness, and improving exercise endurance and performance. Patent claims are also directed at reducing inflammation, cardiac fibrosis and treatment of cancer amongst other claims. Once granted, this patent will provide patent rights in Malaysia until 2033.

Dr Glenn Tong, the Chief Executive Officer and Managing Director of AZT, said "Along with corresponding patents granted in the US, Canada, Brazil, the European Union, Japan, China, Australia, New Zealand, Singapore and South Africa, the grant of this Malaysian patent will provide AZT with a growing patent estate spanning major markets which supports our global commercialisation strategy for both our drug development program and nutraceuticals business."
